

eWATER

s e r v i c e s

GEOFREY MBABAYE

- Role: Head of Installation in Tanzania
- Location: Morogoro Region, Tanzania
- Date joined eWater: December 2018
- Education: Diploma in water supply and sanitation, UDSM, technical engineer and head of construction.
- Skills: Construction and installation, repair and maintenance, welding of solar panels and connections.
- What eWater means to me:

“eWater has helped to increase my skill and knowledge, and allowed me to work with various companies, such as RSK, as well as civil servants. eWater has also helped me to grow my life economically and given me confidence to do things such as attend community and governmental meetings.”
